

ICU Liberation
Simulation Equipment List

Assessment of a Nonventilated Patient	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • 1 x 18-gauge intravenous (IV) catheter, peripheral • Adult-size nasal cannula • Pulse oximeter • Soft cervical collar • Electrocardiography (ECG) leads with sticky pads • Nasal cannula • Blood pressure cuff
Assessment of a Ventilated Patient	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • 1 x 18-gauge IV catheter, peripheral • Ventilator bridle/mouthpiece • Endotracheal tube • Patient restraints • Pulse oximeter • ECG leads with sticky pads • Ventilator • Blood pressure cuff
Family Involvement in the ICU	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • 1 x 18-gauge IV catheter, peripheral • Ventilator bridle/mouthpiece • Endotracheal tube • Patient restraints • Pulse oximeter • ECG Leads with sticky pads • Ventilator • Blood pressure cuff

<p>Assessment of Spontaneous Awakening and Spontaneous Breathing Trials</p>	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • 1 x 18-gauge IV catheter, peripheral • Ventilator bridle/mouthpiece • Endotracheal tube • Patient restraints • Pulse oximeter • ECG leads with sticky pads • Ventilator • Blood pressure cuff
<p>Choice of Drug</p>	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • 1 x 18-gauge IV catheter, peripheral • Adult-size nasal cannula • Pulse oximeter • ECG leads with sticky pads • Blood pressure cuff
<p>Early Mobility</p>	<p>This skill station may be conducted using any of the following, as available:</p> <ul style="list-style-type: none"> • ECG • Blood pressure cuff • Pulse oximeter • Femoral dialysis catheter, left • Subclavian triple lumen, left • Arterial line, right, radial • Chest tube on water seal • Ventilator • IV infusion pumps/carrier with 4 drips connected to the triple-lumen catheter • Foley catheter • Jackson-Pratt drain x 2 • Dobhoff tube
